Comments	<input type="text" value="I object on the grounds of more traffic misery around J11 M40 & across the wider area, including already heavily used A roads and B roads in the area. Adding further pressure to a single junction serving an already expansive town and villages.
I object to more empty warehouses sitting there vacant with no demand, alongside empty warehouses already in the town and surrounding areas.
I object to taking away habitat for an abundance of wildlife, this is the countryside which has a right to thrive.
I object to this proposal building across ancient ridge & furrow land.
I object to destroying the beautiful landscape I object to increasing the flood risk locally and further afield.
I object to increasing air pollution, more warehouses, more lorries, cars and traffic.
My final objection is no to pursuit of profit overriding local & national policies."/>
