Case Officer	Chris Wentworth
Organisation Name	
Name	Tom Hazleton
Address	2 laburnum close,Woodford Halse ,NN11 3NZ
Type of Comment	Objection
Type	neighbour
Comments	<p>Has there been any effort to assess traffic with the recent built warehouses? I don't think this has been looked into the knock on effect on what has already been built has anything been looked into,? and the traffic the already built warehouses will create/has created.</p> <p>This junction is a nightmare that can't take anymore flow of traffic. This effects residents along the A361 which is a long road concerning many villages involved and they must be taken into consideration.</p> <p>The flow of traffic from the a361 to the m40 roundabout is bad alone not including Banbury traffic , including Banbury traffic and it is just dangerous to add to the amount on the m40 roundabout and onto the a361. This has just been concerning traffic now the damage to the environment with the recent warehouses should also been taken into account, again has this been assessed since building the new warehouses?</p> <p>Again I don't think any studies have taken place on the environmental impact since building the new warehouses ? All these issues should be looked at and I'm convinced would be enough to convince anyone that no more should be built concerning the A361 and as close to the M40 roundabout.</p>
