Address	<input type="text" value="Laurell Farmhouse,Thame Road,Piddington,OX25 1PY"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I am writing to object to this application in the very strongest possible terms. By previously starting work on the site before fulfilling any of the pre-commencement conditions stipulated - the applicant has already proven to have absolutely no regard or respect for the planning rules. It should therefore be justifiably expected that none of the other conditions - including water access, sanitation and safety provisions would be followed either. This is clearly entirely unacceptable. The presence of Great Created Newts on the site was firmly acknowledged as part of the previous refusal - and, again, absolutely no care or regard for the endangered species or indeed the rules themselves was given by the applicant. Instead, the two ponds were intentionally destroyed as part of the site clearance. This is a flagrant breach of the rules and cannot be ignored. The environmental damage already done is immeasurable. This application must be immediately refused."/>
