Comments	<input type="text" value="Piddington is a quiet community on the border of Oxfordshire/ Bucks. We have had through traffic speeds reduced to 20mph. The proposed application sits on a rural country road with little visibility for passing cars to see its entrances. With no utilities or amenities on the proposed site, how could the families do anything but ruin the tranquility of the surrounding countryside area. The proximity to the MOD armaments storage areas on the same road and adjacent are worryingly close for any comfort."/>
