Comment for planning application 24/00097/F

Proposal Description Proposal RETROSPECTIVE - Material Change of Use of land to use as a residential caravan site for 12 gypsy/traveller families, each with two caravans, including improvement of access, laying of hardstanding and installation of package sewage treatment plant Case Officer Jeanette Davey Organisation Name Collette Quartermain Olicana,Thame Road,Piddington,Bicester,OX25 1PY Type of Comment Objection Type neighbour Comments I wish to object to the proposed change of use of land. Piddington is a small rural village that has few public facilities. There is no village green, so the community relies on the lovely green spaces particularly those along Widnell Lane, which serve as communal grounds where adults and children can enjoy activities outside. The villagers take great care of the area with regular volunteering to maintain the appearance of the grounds and to encourage villagers to make the most of these facilities. Jubilee Reserve, Widnell Park, the playing fields and the surrounding areas along Widnell Lane are positioned away from the centre of the village but are currently easily and safely accessible. Dog walkers, cyclists, horse-riders, and ramblers regularly use Widnell Lane. There are no pavements along this stretch of road which is particularly narrow; any additional traffic (inevitable with the proposed development) flowing through Widnell Lane and the village poses a significant risk to the safety of the villagers, children and pets.
