Comments	<input type="text" value="I am disappointed to find that a further application for a gypsy/traveller site in Widnell Lane is yet again being considered. As I have stated in previous objections the proposed site is ill conceived. The position of the site on a narrow country lane with a national speed limit (60 mph) could cause danger to both the families living on the site and the residents of Piddington. Widnell Lane is without street lighting or pedestrian access. Like so many local roads the road has deteriorated and resulted in stretches of regular subsidence whereby rain water no longer drains off the road efficiently causing dangerous icy stretches during winter months.

I strongly object to this application and I feel it should be refused."/>
