| <b>Comments</b>           | <input type="text" value="We object to this application. We agree with all the points raised in the objection by Piddington Parish Council. The ecology report submitted with the application seems totally inadequate knowing what is necessary within the area we are in. Being within a red zone for Great Created Newts we are automatically tied to certain restrictions, the submitted ecology report doesn't appear to acknowledge that. A disregard for the conditions in the previous applications doesn't bode well going forward with any further developments. If the proposal was to be granted it undermines the whole planning process and surely sets an example that if you don't like the conditions, do away with any potential habit and re apply!"/> |
