<b>Comments</b>	<input type="text" value="As the first application that was approved for 6 pitches hasn't been completed and in fact was stopped due to non compliance to the regulation placed around it and the errors not yet rectified I feel that this application for 12 pitches is invalid.&lt;br/&gt;The great crested newts are still in the location and since the original application this will now also sit next to a concrete grinding plant which therefore makes this an unsavory place to reside.&lt;br/&gt;There is not a need for more pitches in oxfordshire and therefore I believe this should be rejected for reasons of non compliance with original approval, to conserve the great crested newts as they have shown they will not do this and as there is not a need for this and therefore the pros outweigh the cons."/>
