Address	<input type="text" value="20 Manzel Road,Caversfield,Bicester,OX27 8US"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Currently a category C village no new building should be permissible, only the re use of existing structures. One house and some stabling does not equate to 99+ houses. The roads, drainage and sewerage and water systems will not be able to cope with added new builds. There is no proven need for extra housing as The Eco Town adjacent to Caversfield is meeting that need. The buffer for separating the village from Bicester will be lost. The loss of green space and the encroachment on 17 th century St Lawrence Church will be disastrous and ugly. This project is a mere money making scheme for the developers and brings no benefit to the village We have no services and no employment here and this extra housing will only put more cars onto the already dangerous road system. I love living here with no light pollution and wild animals trying to survive in an ever shrinking world, we need to be protecting the green spaces not losing them. Thank you."/>
