Comments	<input "="" type="text" value="I object to this development on several grounds:
1) Overdevelopment given the housing developments surrounding the site: PR6a and b; PR7a and b on greenbelt;
2) Further development on Greenbelt which is eliminating the gap between Oxford and Kidlington;
3) The height of the development being over 5 stories high is totally beyond any building height in the vicinity - or of any approved planned buildings;
4) The traffic and parking consequences of events in the crowded area will be awful. The council is mad to think everyone will take public transport. Car will be parked in local streets as the park and ride lease restricts usage of the car park to those going on the train or bus,"/>
