Comments	<input type="text" value="Dear all,

It was great to hear that the county council's cabinet is set to make a decision on January 24, about whether to enter formal negotiations regarding leasing council-owned land at The Triangle to the club for the development of a new stadium.

I just wanted to write to show many supports for the new stadium going ahead.

The Triangle appears to a great site especially with its great transport links and while I understand it is still green belt it's surely better to consider what you can do with that land to make it of best use for the community. The sustainable future of Oxford United is online.

There are a lot of people involved in the club who live in the Kidlington and the surrounding area and care about the community and want to build something which aids the community.

Please join us in supporting the approve of this eco friendly stadium.

Many thanks

Charles Croft-Pearson"/>
