<b>Comments</b>	<input type="text" value="This is truly an astonishing planning application and it would be foolish for Cherwell District Council to turn this down.&lt;br/&gt;&lt;br/&gt;Oxford United Football Club is not just part of the fabric of the city but the entire county. Without this stadium application, they will surely be made homeless so this planning application must be passed. The club means a huge amount to me and many others and it would be desperate to see it disappear as a result of a stroke of a red pen by the CDC Planning Committee. The application meets all the requirements for a sustainable home for the club and a vital development for the community for years to come.&lt;br/&gt;&lt;br/&gt;During the pandemic the Kassam Stadium was an essential hub for the vaccine roll out. Once the club departs, the stadium will go and there will be no hub like that again unless this stadium is approved. More so, it will be an even better stadium than the Kassam Stadium - better for its primary function for football matches but also for the ancillary developments that come with it. This is not just an opportunity for the local area but the entire county too.&lt;br/&gt;&lt;br/&gt;Do not delay in approving this application. The club depends on it and the county will be better off for it."/>
