Comments	<p>As a lifelong resident of Kidlington, I'd like to express my full support for the proposed Stadium at The Triangle. In my opinion, Kidlington is in urgent need of additional amenities and facilities, especially for the younger generations. In comparison to other areas of the Cherwell district, Kidlington falls below the average in terms of available resources and recreation facilities.</p> <p>Having chosen to raise my family in Kidlington, I strongly believe that this proposal will contribute to improving the overall quality of life for many generations of Kidlington residents. I envision this stadium as not just a place for sports and entertainment, but as a hub that will bring diverse opportunities to the community, particularly for employment, social engagement, and economic growth.</p> <p>I am hopeful that this proposal will result in the much-needed regeneration of our area. Kidlington currently lacks sufficient options for sports and recreation, and we also have a limited number of restaurants and essential shops in the village. With the introduction of the stadium, I anticipate a positive transformation, creating a more vibrant and dynamic environment for the residents.</p> <p>It is my belief that the stadium will not only provide recreational benefits, but also stimulate economic growth through increased foot traffic and the creation of job opportunities. Additionally, I see the potential for the stadium to attract a variety of businesses, leading to the establishment of more restaurants and shops in the village, thus enhancing the overall lifestyle and convenience for the community.</p> <p>Moreover, I am enthusiastic about the prospect of the stadium serving as a focal point for social and cultural activities. It has the potential to foster a sense of community and belonging, offering residents a space to gather, connect, and participate in a wide range of events and programs.</p>
