Comments	<input type="text" value="Oxford United FC means so much to so many people living in Oxford, Oxfordshire and beyond. Many of my family members live in Kidlington, and Cherwell District area of the County, other family members live in other areas of Oxfordshire, and some further afield. We are a large family of Oxford United supporters. Relocating to the Triangle on the very edge of Kidlington would make the home of Oxford United accessible to public transport, unlike where they currently play their home games. As well as a football stadium, it would bring jobs as well as an injection of money into the local economy for future decades. Plus much needed facilities (including a Well being centre as part of the plan), which given the amount of new builds approved, is something that Kidlington is lacking in. OUFC have also agreed, should the Stadium be given the green light, to provide financial backing for the maintenance of Stratfield Brake sports ground, benefiting the many sports clubs who use Stratfield Brake sports ground. Something KPC/GWPC (and also) CDC seem to struggle to do in recent times. I urge CDC planning cabinet to fully support Oxford United FCs application for the future good of Kidlington, Cherwell District, Oxfordshire and beyond. Oxford United FC are the county 's only fully professional sports club, please support this application to secure the future of the club and its tens of thousands of supporters for the future. Thankyou"/>
