Comments	<input type="text" value="I am in full support of the proposed new football stadium at The Triangle. It's in an ideal position for rail and bus links to the rest of Oxfordshire and beyond. OUFC supporters travelling from Banbury, Bicester, Thame, Witney, Milton Keynes, London etc will all find it so much easier to get to the stadium. I will, in future, be able to take advantage of the park and ride connections, rather than my regular current drive around the Oxford ring road. This is an amazing opportunity to provide a world class sports stadium and complex for the whole community, enabling young footballers to follow their dreams and for supporters to experience top quality sporting facilities. The obvious long term employment benefits has got to be a bonus for the local community. The 'green' credentials shown in the plans are most impressive and show much thought has gone towards our future environment. This is a brilliant opportunity to provide a facility to be proud of for generations to come. Let's not miss this opportunity. Let's get it done."/>
