Comments	<input type="text" value="This is a once in a lifetime opportunity for Oxfordshire to have world class facilities with its location right next door to a train station and in close proximity to park and rides also Kidlington is well served bus route all of which will help to lessen car usage and help the environment unlike the current stadium.
As we moves towards a greener future the stadium its self has been designed with sustainability in mind, and will be one of the greenest stadiums in the country

Oxford united offer of taking over the maintenance of Stratfield brake will help free up vital funds for Kidlington parish council of which they will be able to put to better use in these tough times

Lets get this stadium built and safeguard the future of a 130 year old football club"/>
