Comments	<input type="text" value="I like living in Kidlington but it is stuck in the 1950's with no facilities for anyone of any age. We have a sports ground run by people who do not use it and are not interested, and it is not fit for purpose. The rugby teams are the only ones who seem to care about Stratfield Brake. We do at least have great public transport so it is an ideal place for a stadium, bringing much needed sports facilities, jobs and hope to an area that needs rejuvenation desperately."/>
