Comments	<input type="text" value="Please approve this application as Oxfordshire would be a much poorer place without Oxford United. The joy that has been generated by this club is immense for thousands of people and must not be allowed to be lost. We are crying out for such a modern, green and pleasant venue for the residents of Cherwell District Council and beyond. Another positive is the financial impact that can only be seen as positive for the taxpayers of Cherwell, a modern sustainable development at no cost to the taxpayer and a great community benefit to those of us that live in the area. The logistics regarding travel cannot be underestimated, the club have spent months exploring various options to accommodate supporters travelling to and from the Triangle and I cannot imagine a more comprehensive plan than the ones they have proposed.

I am fully aware that there will be many objections to this, but if you balance out to pros and cons I would be amazed if you do not approve this application. In you we trust."/>
