<b>Comments</b>	<input type="text" value="this is the wrong location for a huge new business concern that will cause lots more traffic and congestion for Kidlington residents. it is not just match days but the hotel and other businesses needing traffic access will cause major problems on the Kidlington roundabout. we have seen the massive traffic and parking problems around the Kassam stadium in the past and we dont want this happening around Kidlington. if parking permits were introduced for residents of kidlington that wouldn't be satisfactory either. There is talk of closing the Oxford Road between the roundabout and Cutteslow on match days, in no way should the road closure be considered at all as too much disruption of bus services and traffic to the Parkway Staion, Park and Ride, and the route to Oxford would be caused"/>
