Comments	<input type="text" value="The wild life that has made this green belt land home will be destroyed.
The proposal of closing the road for 3 hours is not great for the local community. It is Major bus route for Kidlington,Banbury and Bicester will be closeing communities off from the park and ride during this time. Forcing all traffic down freize way. It a direct route being shut for A34 north bound
Nothing has been said about the effect it will have on the Kidlington and surrounding communities
Parking in the road close to Sainsbury's will effect the residence south end Kidlington
Noise level for residents south Kidlington
With the construct work currently going on down Oxford and potentially also n the golf course do not need the green belt being destroyed
Why can't Oxford United buy kassam as it has been offered to for then to buy it"/>
