Comments	<input type="text" value="The stadium will be sustainable, with excellent eco credentials. It will provide a first class stadium, which will allow both Oxford United's men and women's teams to play. Other facilities will provide a hotel, well being studio and hospitality venues, which will be available for the use of the general public. In addition, there will be outside areas which will provide green spaces attracting wildlife and be available for the enjoyment of all.

The stadium is located close to excellent public transport, which will allow supporters to travel without using cars. Personally, living in Bicester, we will be able to travel there using either the bus or train.

I have been a supporter of the club for many years and will be happy to see it finally settled in an excellent stadium."/>
