Comments	<input type="text" value="I am a manager of a local grassroots football team in Kidlington.

The positive impact of having a stadium on our doorstep, will be of a huge benefit to our children and our children's children.

Additionally, OUFC have committed to taking over the running costs of Stratfield Brake, from the Parish Council.

Anyone who knows Kidlington, will know that the facilities for grassroots football in this ever expanding village are poor, so this will also provide a massive contribution to Kidlington residents.

And more so the Parish Council will also be able to free up funds for positive use elsewhere.

I am in full support of the stadium coming to Kidlington and would like you to consider the thousands of children in this area who will benefit for decades to come."/>
