<b>Comments</b>	<input type="text" value="It is vital to this application is accepted as it will provide world-class sporting facilities to the county and also create a significant economic boost to local area. It is also being built on scrubland and this will aesthetically improve the area.&lt;br/&gt;&lt;br/&gt;The football team plays a vital role in the local community and also has a charitable arm that does vital work if the stadium does not get approved, we excluding the only professional sports team in the county to either death or relocation. It will be the most publicly transport accessible Stadium in the country which is vital as a majority of the supporter base is from Oxfordshire rather than ;Oxford itself and the added benefit is this Stadium is closer to the city centre so text both boxes.&lt;br/&gt;&lt;br/&gt;Failure to support this application, which will lead to the demise of the football club in our community which will be dereliction of duty to generations of people living in the area."/>
