Comments	<input type="text" value="OUFC are Oxfordshires only professional football team. The impact they have had over the years has helped and will continue to raise the profile of our district and county. This development will not only ensure the future of the club but will bring much needed additional sporting and community facilities to an area well served by road and more importantly rail links.
The development meets high standards of eco friendliness so could be a beacon for the country going forward this again promoting Cherwell as a forward looking and thinking district."/>
