<b>Type of Comment</b>	<input type="text" value="Support"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="What a fantastic facility this has the potential to be for Oxford and the surrounding area. As well as a huge benefit for the local environment, not only as an all electric stadium but I have no doubt will reduce the amount of people travelling to games by car due to the many options that will be in place for fans to public transport, which the majority would prefer to do but are unable to because of the location of the current ground, It would also be great to see land being used to benefit the existing community rather than being used for more housing which puts further pressure on local infrastructure. This application has my full support."/>
