Comments	<input type="text" value="Oxford United getting planning permission at 'The Triangle' is an absolute must!

The stadium brings world class facilities to the county that have been long overdue. The benefits are huge for Oxfordshire. Saying no to this opportunity is simply not an option!

- Children and community groups across the county will benefit from the facilities.
- The ground will be sustainable and environmentally sensitive.
- A huge boost to Kidlington and North Oxfordshire's economy.
- It will push Oxford United to the next level in football terms, making itself sustainable and profitable for possibly its first time in its history.
- Without the stadium, there is a huge chance the club could go bust and cease to exist! It's that serious!
- A large amount of new employment created for local people.
- Access mainly via immediate location train and buses, meaning a reduction in carbon emissions.
- World class conference facilities for use by local businesses.
- Puts Oxfordshire on the map!

Think of the future and the much needed improvements in the local area. This is HUGE! Vote YES and improve the local community and sports facilities for all."/>
