

Comment for planning application 24/00539/F

Application Number	<input type="text" value="24/00539/F"/>
Location	<input type="text" value="Land To The East Of Stratfield Brake And West Of Oxford Parkway Railway Station Oxford Road Kidlington"/>
Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value="Elizabeth McKellar"/>
Address	<input type="text" value="3 Mere Road,Wolvercote,Oxford"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="This application is based on a false proposition that Oxford United have to leave their current ground, something the owner has refuted in current months. This proposal will destroy a thriving ecologically sound business as well as closing the Kidlington Gap for good. It will cause an increase in rail and road users both of which are over-stretched beyond capacity at present. Oxford Parkway is a small station ill-suited to handling the numbers who will attend on match days. Trains are already over-crowded and it can be hard to get a seat which means they are essentially inaccessible for elderly users such as myself. The traffic between Kidlington and Oxford is being constrained by the County Council's green transport measures which means those of us who cannot walk or cycle are effectively trapped in our houses for large parts of the day. The new stadium will just make this all much worse besides the noise and light pollution and litter which will inevitably follow in its wake."/>
