Comments	<input type="text" value="Please support OUFC in their quest to build a new stadium on the Triangle near Kidlington. My first united game was in 1967 and was hooked I have been supporting ever since, my son who lives in Bicester has been a part time supporter for many years due to the parking issues at the Kassam stadium. The new stadium, if built will enable my son and his wife and children to attend all home games. He has said that they will travel from Bicester by train and join myself and my wife supporting our team to all home games, we can then at long last all sit together and enjoy a wonderful live football match as a family in clean, modern, pleasant conditions, something the Kassam Stadium does not provide at all. My daughter-in-law and granddaughters look forward to the opportunity to travel safely to the women's games as well. Oxfordshire needs modern safe sports facilities, a place that enables everyone to come together and enjoy a brilliant day out. Since it's introduction, we have always used the supporters 007 bus service, we intend to continue doing so when hopefully you will grant the planning permission to allow a brilliant modern all electric sports stadium. Thank you for allowing me the opportunity to fully embrace my support for a new opportunity that everyone in Oxfordshire can be proud of and Oxford United can at long last call home."/>
