Comments	<input type="text" value="I wholeheartedly support this application - not only does it safeguard the future of OUFC but it brings huge social and financial benefits to the Cherwell Valley district. Additionally, should this application be approved, I will be able to avoid numerous single occupant car journeys across Oxford on match days and travel sustainably -along with many of those from the larger Cherwell conurbations- on the train; a huge saving in terms of pollution and physical vehicles on our roads."/>
