Comments	<input type="text" value="My now 9-year-old son fell in love with football in the summer of 2022 when the Lionesses won the European Championship, and we have regularly been attending Oxford United games at the Kassam stadium ever since.

The stadium is falling to pieces, and the annual rental costs are jeopardising the future of the Club. This new stadium would alleviate many of those worries.

The location of this new stadium is also ideal from a travel perspective - a stark contrast from the current ground. A trip to this new stadium would mean a 15 -minute train journey from Bicester, versus a 60-minute drive through busy Oxford streets.

The plans themselves are inspirational, and would benefit not just the football club, but the wider Oxfordshire community. A world-class venue with world-class facilities on our doorstep."/>
