Comments	<input type="text" value="I am writing to strongly support this application for 5 main reasons:
(1) I have supported the team since the Manor Grind days, through part of my childhood and all my adult life (I am now 62);
(2) The club desperately needs to escape the dead hand of Mr Kassam that rests on their Colle give shoulder, holding back their need to make progress;
(3) As someone who is unable to drive and relies heavily on a combination of buses and trains to get from my home near to Cambridge railway station to the Kassam Stadium, I greatly appreciate the fact that the new stadium will be the proverbial stone's throw from the new stadium, not least because both my home station and my destination (Oxford Parkway) would both be served by the restored Oxford -Cambridge rail line;
(4) I get the strong impression that OUFC have done everything that they can to ensure that this project is environmentally-friendly & this is very important to me.
(5) Not just the club, but the surrounding community will benefit from the facilities & there is also the vital importance of safeguarding the future of Oxfordshire's only professional football club. I beg of you not to listen to the nay-sayers (aka Friends Of Stratfield Brake) because if you do, then the club will be homeless in 26 months' time & might conceivably fold.

That is a disaster that must not be allowed to happen."/>
