Comments	<input type="text" value="Not enough facilities already too congested roads and then to say they will close a main road on match days it's shocking they have the power to do this - making any local journeys impossible with delays, extra congestion, extra mileage. It's disgraceful it's being considered as an option obviously it would be cheaper than building a bridge. Public transport is not reliable enough to prevent cars parking near and around the stadium. You cannot even get to kidlington from yarnton on public transport!!! No safe cycle route it's a disgrace"/>
