<b>Comments</b>	<input type="text" value="The approval of this proposal will not only secure the future of Oxfordshire's only professional Football team but will provide facilities, and support, to the surrounding areas that has been neglected for years. The announcement of the Dreaming Spires project is massive. The 5 core elements allay any fears that the club will not put back back in to the community. The location is excellent. Oxford parkway, park and rides and the good bus links from Oxford to Kidlington. Significant economic benefits locally in creating jobs, apprenticeships and other investments. I have 2 daughters who play for KYFC and it's incredibly frustrating the number of games that are cancelled because the facilities are in such a poor state and have been neglected for far too long. Kidlington and the surrounding area deserve better facilities for future generations. Sport has a positive impact on mental health and for the club to offer focused programmes on this this is fabulous. This is a once in a lifetime opportunity to get it right not just for the present but for the future of the Football Club and the future generations this will benefit."/>
