<b>Comments</b>	<input type="text" value="As someone who currently has to drive a 60 mile round trip to the existing stadium from High Wycombe I will now be able to use a train and simply walk across. To have a stadium with so many close transport links will be amazing. To have 180 bed hotel where visitors to Oxford can simply hope on a train or bus to the city or Bicester Village will bring huge revenues to the business in the city, all paid for by the football club. This will be a year round venue the city and Cherwell can be proud of. It's an opportunity simply to good to miss and also will also open up the Kassam stadium area as a prime brownfill location. You couldn't ask for a better outcome. And it will be paid for by the club. Something we can all be proud of"/>
