Comments	<input type="text" value="This project is unnecessary and unwanted by residents. It will be extremely damaging to the local environment and will create major traffic issues in an already congested area. The area is not suited to this type of major project and the local facilities are completely inadequate to serve a football stadium. I am also concerned about an increase in anti-social behaviour in a busy family area with many schools. Parking is another concern, the area already has parking issues with so many schools and a supermarket with limited parking. The area is a lot a busy point for through traffic and this will add a huge amount of pressure to the area and impact hugely on the residents."/>
