Address	<input type="text" value="13 Yarnton Road, Kidlington, OX5 1AT"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I would personally like to support the Triangle project. As a Kidlington resident, I think this will bring much needed revenue and income to a village that has really modernised in the 40 years I've lived in or around it. Its stale. And is need of something new. The football stadium is an exciting prospect and gives the football club a chance to become more successful. Which in turn will put the village on the map. It will give opportunities for future generations of football fans to enjoy watching the team they support in a state of the art environment. It will be provide the Oxford United Women's Team with their own home. As someone who has enjoyed watching the Lionesses rise over the past 5 years, it is exciting to think that OUWFC could soon mount their own challenge to be at the top of the Women's game. This stadium will benefit in and around Kidlington. OUFC are set to help with improvements at Stratfield Brake while also maintaining the pitches. This is truly a wonderful opportunity for the youth Football teams in the village. I myself played for Garden City and hope they too receive the benefits of having a professional team in the area. I believe this will be fantastic and look forward to 2026. I'm currently undergoing treatment for chronic kidney failure. My dream and ambition is to time my transplant and recovery so that I get a second chance on life just as the new stadium is built. I look forward to a life of better health watching my local team in a far better environment. I hope you can make my wish come true. Thank you"/>
