Comments	<input type="text" value="1) Concerned about transport to the ground with limited parking. How can I get to the stadium using public transport as I am not on a popular city bus route?

2) If all the buses and coaches available in Oxfordshire were used for transport on match day there would not be enough I am told.

3) Will there be train transport from Princes Risborough on the day, and if there is, where will everyone park at this station as the car park there may not be big enough.

4) Will there be train transport from the new BMW/Cowley Oxford Council proposed railway line extension to the rail station at the stadium?

5) If I use a MOTORCYCLE to get to the ground will there be any/enough under-COVER (sheltered) and secure parking available to allow me to de-kit in the dry and also will there be any storage available for gear there or anywhere else i.e crash helmet wet weather gear etc.? Nothing worse than standing in the pouring rain and strong winds and attempting to change.

6) If I use a BICYCLE to get to the ground will there be any/enough under-COVER (sheltered) and secure parking (bike thefts are rampant in Oxford) available to allow me to de-kit/change (maybe even shower) in the dry (rather than pourin rain in the open) and also will there be any storage available for cycle gear?"/>
