Comments	<input type="text" value="I support building of a new stadium for Oxford United at the Triangle site. This will allow the football club to survive and continue to give pleasure to thousands of supporters. Along with the proposed extra facilities this is a great opportunity for Kidlington and the entire county to use. The advantages of jobs created and work in the community plus maintenance of Stratfield Break Sports Ground makes this a very good deal for the local area. Please go ahead and vote for this project to proceed."/>
