Organisation Name	<input type="text" value="Simon"/>
Address	<input type="text" value="88 Hare Close,,Buckingham,MK18 7EW"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The new stadium will provide a facility that for the first time in 30+ years supporting Oxford United will allow me to access the stadium practically via public transport (via the new East West Rail project) from nearby Winslow. We are 3 generations of supporters in our family, often as many as 10 of us attending games (split between 3 cars). Getting a train means we can have a drink, eat and walk from home to the stations & stadium from each side.

Working in North Oxford, I have heard such enthusiasm about the prospect of turning the site at the Triangle from wasteland that is of no use to anyone into a facility that can provide something meaningful with both sporting and recreational facilities for the local community.

Youngsters often moan about having little to do especially around North Oxford, so having something of this nature on their doorstep offers so many positives outside of Oxford United matchdays that will be of benefit way beyond just the football 'family'."/>
