Comments	<input type="text" value="I fully support the project and it is very important as a season ticket holder of 30 years that the go ahead is given for the new stadium. As a successful football club it is imperative that we own our own ground and finally have a place we can call home. My family have been supporting the club from the 1940's and so this project is extremely important to us as a family. It will also provide important facilities for the wider community and grass roots football for younger children and future Oxford United supporters. It will also be better for public transport links in Oxford and I plead with you to give this the green light. Many thanks"/>
