<b>Comments</b>	<input type="text" value="You maybe note from my address that I am no longer an kidington or Oxford resident moving to Scotland due to work commitment's, however I am an Oxford united supporter attending many home and away games though out the season. With approval of the planning application Oxford united will build a world class sports stadium for one of the best city's in the world. This will not only ensure survival of Oxford united football club but it will bring much needed investment into the area along with job oppportunities for the local residents, not forgetting the commitment to local sports clubs. As well as supporting and encouraging sports for the local community there is also a commitment towards women's football, not just locally but internationally. Oxford united is a family oriented club and has always had a good reputation with charity work supporting the community of Oxford and the surrounding areas, from what I understand this will only grow if the new stadium is built In regards to the planning application can I ask that you keep an open mind, listen to both sides ( for and against) and make the best decision for kidlington and Oxford, hopefully this will be approval"/>
