Comments	<input type="text" value="This is a once-in-a-generation opportunity to provide a fantastic community asset to both the local population and Oxfordshire in general. The development will provide much-needed facilities and employment opportunities whilst improving the environment through the reduced carbon footprint and sustainability features being built into the development. Oxford United MUST move and this really is the best opportunity for significant investment to be brought to Oxfordshire whilst providing much-needed facilities. I support and ask that you support the development."/>
