<b>Comments</b>	<input type="text" value="I am the mother of two adult children and believe that this development is a once-in-a-generation opportunity to provide a community asset for my children and future grandchildren. Oxford United has to move and, having studied this proposal, I believe that this is the best opportunity for significant investment to be brought to Oxfordshire whilst providing much-needed facilities, benefitting both the local community and wider Oxfordshire public. Furthermore, the development will provide new employment opportunities whilst improving the environment through the reduced carbon footprint and sustainability features being built into the development. I support and ask that you support the development."/>
