Comments	<input type="text" value="I was born and bred in Oxfordshire and wish to register my full support for OUFC's planning application. I am a fan, often attending matches at the Kassam Stadium. Presently, the traffic and parking issues are difficult to navigate on match days. I and others in Buckinghamshire, the area I now live, will welcome the opportunity to travel to games using the excellent Chiltern Line services.

A lifelong supporter (I am in my sixties) I am proud of the outreach I see these days from the club to the local community. The stadium development and the new resources it will bring can only enhance such relationships. Another positive is the commitment of the club to improving the present sports facilities, something enthusiastically acknowledged by the clubs using the site.

I visit my niece in Kidlington and by all accounts, facilities for younger people are light on the ground. The new stadium - quite beautiful from what I have seen - will be a beacon, encouraging local people to check out the activities on offer. With the additional employment opportunities, the stadium will surely represent a shot-in-the-arm for Kidlington and its residents."/>
