Comments	<input type="text" value="I would like to register my support for this application as I believe it will provide a much needed new sporting facility for the North Oxford/Kidlington community. I believe it will improve traffic flows across the county by turning the stadium from one of the furthest in the league from a station to one of the nearest. I current drive to the Kassam stadium but will either walk or cycle to the new stadium.
The new facility will provide local jobs and investment, and provide world class facilities that reflect Oxfordshire's world renowned image and reputation for innovation."/>
