Address	<input type="text" value="4 Spindlers,Kidlington,OX5 2YP"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I wholeheartedly support this planning application. I am a Kidlington resident of 43 years and an Oxford United supporter for the last 60 years. The club has worked tirelessly for several years to put this plan together. The attention to detail in the application is fantastic and a great credit to all involved. This undoubtedly is a once in a lifetime opportunity for the club to finally get a home that is both futuristic and sustainable. We should grasp this chance to benefit the club in their time of need and give all the people of Oxfordshire a wonderful facility to be proud of.
The club has a superb history and is now of major importance to our wider community. There undoubtedly is still work to do regarding access to the stadium from Oxford Parkway, conditions I understand already set by OCC. Although not part of this application I would add better use of Stratfield Brake under the management of OUFC would undoubtedly provide substantial CDC cost savings, potentially better match day parking and travel arrangements and may be the ideal location for a much needed medical and wellbeing centre, similar to other summit towns in the county, to benefit the people of Kidlington and other nearby housing developments planned.
OUFC deserves this moment and I would urge CDC to give their support for this application. The vision is close for all to see!"/>
