| Comments | <input type="text" value="As a lifelong (50 years +) supporter & season ticket holder I believe this stadium planning application should be approved as it will provide the club & the people of Oxfordshire with a modern & sustainable stadium for the future. The location is perfect & for me will be a major benefit as I now live in Cumbria and will be able to used public transport to attend games. I currently drive to Oxfordshire & use the football special bus. I believe the club were failed with the ill fated Kassam Stadium project and we need to ensure this time the club is in control of it's future. The sustainability of the proposed project will make this a world first and will be something special for the Oxfordshire public to be proud of going forward. The location, the plans and the whole proposal are perfect for the future of Oxford United and the people of Oxfordshire. Please approve this to give the kids something positive for their future."/> |
