Address	<input type="text" value="28 Springfield Way,Sutton Courtenay,OX14 4FQ"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Just dropping you a line to show my full support for the new stadium application. I've been following the plans, and I've got to say, I'm really excited about what it could bring to our area.

It's great to see something that fits right into the landscape while still giving us a unique landmark to be proud of.

This stadium isn't just about sports; it's about community, it's about inspiring our youth, promoting health, and creating jobs. Plus, it'll put us on the map for innovation.

Plus, we desperately need to spruce up the sports fields at Stratfield Brake. This project could inject some much-needed cash and expertise to make that happen.

Economically, it's a win-win. Not only will local businesses get a boost on game days, but having a thriving stadium year-round will be a game-changer for Kidlington.

I'm also stoked about the eco-friendly angle. Switching from a car-centric setup to an electric, eco-friendly stadium at a transport hub is a no-brainer. It's good for the planet and will help ease traffic headaches.

I've checked, and it seems like the application ticks all the boxes in terms of government and local policies. So, let's make this happen!"/>
