<b>Comments</b>	<input type="text" value="I am writing in support of the Oxford Uniteds' application to build a new stadium on land between Oxford and Kidlington (the Triangle). I was brought up in Botley and went to school in Botley and then Abingdon. I have been going to matches for over 50 years firstly with my Dad, then with friends and now with my son. I think it is regrettable that Oxford United have been forced into this second-best option after Stratfield Brake was blocked but, nonetheless, now it is essential to make the most of this opportunity to improve the financial security of the club. Without this facility the club may cease to exist. With it the club can stabilise at this or perhaps even a higher level. In addition, the development will add top level sporting and hospitality facilities to the city that will benefit more than just OUFC supporters. It is unlikely that this opportunity will be repeated and it would be crazy not to take it. Duncan Bell"/>
