Comments	<input type="text" value="Oxfordshire and North Oxfordshire CAN have nice things. Imagine having a venue that generates excitement, employment, investment and pride. And isn't, for once, a bit rubbish. On a site that few of us in OX5 have ever even seen (behind some tatty bushes) never mind value. So the traffic might have to be paused for 20 mins after a game, but we're taking about a weekend evening or late on a midweek night. It actively encourages public transport use and would bring revenue to Cherwell. Of course there will have to be tweaks, but can we back ourselves to make them rather than ruling something out that will benefit so many people, not least young people and, for once, regular working people."/>
